

## TEAM CONTRACT

[],[], AND WILL OURSLER

### 1. GOALS

As a team we want to get an A grade. We would also like to have a reasonable code base, and ideally one that is easily repurposable for future similar project.

### 2. CZUO'S GOALS

### 3. TOYK2A'S GOALS

### 4. WOURSLESLER'S GOALS

If possible, I think it would be pretty cool if our grammar was loaded from file, but that's a pipe dream. My goal is to get something functional fast, and then polish it a bit.

### 5. MEETING NORMS

We are all free on Monday afternoons and would prefer to meet in the daytime but are open to holding meetings at night. They will typically be held either in Next House of Simmons dormitory.

### 6. WORK NORMS

### 7. DECISION MAKING

MIT, CAMBRIDGE, MA
